

SPORTING CLAYS WINTER LEAGUE!

The PGC is pleased to announce it will host its Annual Sporting Clays Winter League starting at 10:00 am on January the 28th running for 12 consecutive Sundays thereafter. Every person that joins the league will receive a nice fleece vest embroidered with the PGC logo for their participation. The club plans to have lunch available at the club house after each weeks shooting session and of course the bar is open. We want this to be an enjoyable wintertime activity shoot, open to all shooters at any skill level. In order to keep it interesting and to level out the playing field across the various shooters skill levels, we will be handicapping all shooters scores throughout the duration of the league. At the conclusion of the league, prizes in the form of ammunition and or clays course gift certificates will be awarded to the top 4 shooters; quantity of prizes depends on overall league participation. Fun for all and everyone has a shot at winning so let's go!

Winter League specifics:

FEES: Entry fee will be \$25.00 per shooter. Just show up at the club, register and give us your garment size. Shooters will pay standard course shooting fees weekly.

SCHEDULE: Starting date is January 28th 2018 at 10:00 am and every Sunday morning at 10:00 am thereafter through April 15th 2018. Make up dates will be provided in the event of closures, please monitor PGC sporting clays page.

SCORING: Participating shooters will be required to post a minimum of 9 scores over the duration of the league in order to be eligible to place in final standings. Handicaps will be established for each shooter and adjusted at periodic intervals throughout the leagues duration.

NOTICE: Anyone may attend and shoot on Sunday mornings, league participation is not required it's just more fun. Anyone may shoot either 50 or 100 targets from our clays course (standard fees apply) on any Sunday, with league shooters having the first 50 targets designated as league scoring targets. Take a look at the Sporting Clays page on this website for additional course information. http://petershamgunclub.com/?page_id=111
